Now that we, as Americans, have lived for 200 years as a free people, it is our turn to congratulate and respect those who have made it all possible for us. Many of Americans have taken this freedom for granted. We cannot now or ever imagine the oppression our forefathers had to endure to make the United States of America what it is today.

As Americans, we are very proud to be alive to celebrate this Bicentennial year. 1976 will be a year of festivity and appreciation toward those people, who in 1776, made an intrepid move that brought about the rights of Life, Liberty, and the pursuit of Happiness for the American people.

We, the 1976 Graduating Class of Mahanoy Area, would like to salute all of the great people of 1776 for making our country a powerful and great place in which to live. Thank you.

By  
Terry Rang

*In Memoriam*

Everytime I see your face,  
It reminds me of the places  
We used to go,  
But all I've got is a photograph,  
And I realize you're not coming back anymore.  
I thought I'd make it,  
The day you went away  
But I can't make it, till you come home again to stay.  
I can't get used to living here,  
While my heart is broke, my tears I cry for you,  
I want you here to have and hold,  
As the years go by, and we grow old and gray.  
Now you're expecting me to live without you,  
But that's not something that I'm looking forward to.  
Ringo Starr
